

HYLAN SEEN AS AIM OF HEARST TALKERS

Observers Believe Real Game Is to Nominate the Mayor for Governorship.

WOULD PLEASE TAMMANY

Connors Strong for Editor, but Abandons Politics Here for the Next Week.

There is a growing feeling in the minds of many observers who are watching the game that the real aim of those who have been beating the William Randolph Hearst from town is the nomination of Mayor Hylan for Governor on the Democratic ticket. They have not failed to notice that whenever two words are said for Hearst one at least is said for Hylan. Both Hylan and David Hirschfield, his Commissioner of Accounts, are taking advantage of every opportunity to keep the Mayor's name before the public as the "foe of the interests." Mr. Hearst has taken occasion to deny he has any political aspirations and to point to the Mayor as the logical candidate for head of the State ticket in the autumn.

Those Democratic politicians who believe the "play" is to nominate Hylan instead of Hearst make these points: First, Hylan stands for everything that Hearst stands for. He would appeal to the same vote of "discontent" and at the same time would poll thousands of votes that never would go to Mr. Hearst. The experience of 1906 indicated that the name "Hearst" repels certain classes in the community; that many people would vote against him because they believe him too radical, and because they have not approved always of what his papers have stood for.

Second, Mr. Hearst would give to Mr. Hylan's candidacy the influence of his newspapers, would presumably contribute liberally to a Hylan war chest, and might be able to do more to promote Mr. Hylan's election than he could for his own.

Third, there would be every inducement for Charles F. Murphy and his Tammany organization to work for the nomination and election of Mayor Hylan as Governor. For, if the Mayor should be transplanted from the City Hall to Albany, Murray Hulbert, now President of the Board of Aldermen, would become Mayor. He is a good Tammany man, not at all under the influence of Mr. Hearst. With him as Mayor Tammany need have no further fear of a crisis where pressure might be used to force

them to follow the dictates of Mr. Hearst or lose their patronage in the city administration.

"I want to say right here that Mr. Hearst is to be nominated," declared William F. Connors, when the suggestion of Hylan was made to him yesterday.

Friendly to Hearst and Smith. He had not seen Norman E. Mack, New York State member of the Democratic National Committee, recently, Mr. Connors said, but at Palm Beach in February he indicated he was very friendly to Mr. Hearst and Mr. Smith. Mr. Connors was informed that ex-Gov. Smith had told Mr. Murphy he intended to remain in the trucking business, and would seek no political nomination this year.

"That's just what he told me," said Mr. Connors.

It was learned that the Hearst agents had about despaired of persuading Mr. Smith to run on a ticket with Mr. Hearst and were considering the possibility of former Gov. Martin H. Glynn as the Senatorial candidate.

Mr. Glynn sailed for Europe yesterday. While there, it is understood, he will see Mr. Hearst.

Connors is going to Buffalo today and then on a tour of the Great Lake cities entirely in the interest of his business. He will not be back much before June 1.

LEADERS SURE MILLER WILL AGREE TO RUN

Governor Departs After Raising Party Hopes.

Gov. Miller departed from the city yesterday without seeing political leaders. But he left behind a distinct conviction by Republicans here that he would yield to the growing demand that he stand for reelection. His slogan: "It is time Republicans buckled on their armor" aroused the party workers who heard him before the county committee in Kings and New York. They saw an indication that he was ready to go out again on the firing line to rally the organization to a successful fight.

The campaign will be based on the achievements of the Miller administration. As Dr. Nicholas Murray Butler said at the Town Hall meeting on Friday night the battle cry will be "Performance versus talk," both in transit and port development and the other features of constructive work done by the State administration. It will be pointed out that Hylan and his colleagues have talked and scolded and balked and obstructed, but have done nothing for the people in any field in which they have opposed Gov. Miller's plans.

13 NUNS BECOME CITIZENS.

Thirteen nuns of the Order of St. Dominic were admitted to American citizenship yesterday by Supreme Court Justice Faber in Brooklyn. Nine are Germans, one Irish, one Hungarian, one Russian and one Italian. Although they conceal their real names after being admitted to citizenship they were required to give the names for the court record.

Willing to Abandon Machines if Hirschfield Can Prove Fraud Wednesday.

A public hearing on the type of voting machines to be installed in New York city in the autumn will be held in Albany on Wednesday by John J. Lyons, Secretary of State, he announced here last night.

"Hirschfield has been misrepresenting this question for several weeks," he said, referring to the inquiry that Mayor Hylan's Commissioner of Accounts has been conducting. "He has been attempting to fool the public. I intend to bring the facts out in the open and give every one a chance to size up the situation for himself."

"I hereby serve notice on Comms-

sioner Hirschfield that if he has any real proof of graft in connection with the passage of the voting machine law or evidence that the machines are not workable, let him come before me and make his charges, and give his proofs in straightforward man fashion.

Secretary Lyons said that Mayor Hylan and his associates in the administration had blocked voting machines last year and were confident of doing it again.
